## APPOINTMENT

Patient Information

- If required butngan dapat og ASTERISK instead of REQUIRED
- Contact number kay 11 digits magred or nay gamay na information na sobra or kulang ang number
- Address dapat nakabreakdown *(Province, Municipality, Barangay)*
- Confirmation Pop-up – ibold ang *Take a screenshot*
    - Sa confirmation pop-up dapat naa ang name ni patient, scheduled date and time, name sa doctor and as ana department
    - *Example:*
    Confirmed Appointment:
    Alexa Mae Santos – December 29, 2025 at 9:00AM
    Dr. Anthea Mondejar – OBGYNE
- Ang confirmation sa appointment kay i-sms para nay back-up na another mapakita si patient na confirmation

Select Clinic

- Instead of Clinic dapat Specialty – *Please Select a Clinic Specialty to Visit*
- Tanggalon ang **others**

Select Scheduled date

- Remove time sa katong select date from *November 26, 2025 8:00AM – 5:00PM* to *November 26, 2025*
- Usabon ang formation na, first i-select ni patient kay and DATE only, next is DOCTOR, then TIME
- Example:

SELECT DATE V	→	NOVEMBER 29, 2025
SELECT DOCTOR V	→	ANTHEA MONDEJAR
SELECT TIME V	→	8:00 AM

RECEPTIONIST

- Dili na magPENDING. Diretso na dapat na verified na siya. So dapat malabay nani diretso pud kay Docotor. Bale makita na lang ni Receptionist sa Confirm ang info sa patient.
- **Patient Module**: Ang Identification No./PATIENT ID walaon, ilisan og Doctor's Name and Asa na Clinic Specialty.
- **For Lab Request**
    - Si Receptionist mag-add og laboratory request
    - Paghumano og add, mudiretso si Patient sa Cashier to Pay.
    - After payment, mudiretso na siya kay MedTech. No need na mubalik kay Receptionist para mag-assign. So tanggalon na tong *Assign MedTech*.

CASHIER

- Igawas ang mga charts or income analytics
- Dapat maka-input si Cashier if pila ang gibayad ni Patient and if nay change kay macalculate.
- Magstate lang ang Mode of payment: Online Payment: **GCash, PayMaya** or **Cash Basis**
- Tanggalon ang Total Payment na makita sa Dashboard and ilisan og service unsay gibayran. Bale ang sequence kay ***name -> services availed -> total amount***
- Naka-centavos and peso sign na amount
- Ang size sa paper sa invoice kay dapat gamay *(TO BE FOLLOWED, WAITING FOR PARAGON RESPONSE)*

MEDTECH

- **Patient Module**: Ang Identification No./PATIENT ID walaon, ilisan og Doctor's Name and Asa na Clinic Specialty.
- **TWO OPTIONS**:
    - Upload one pdf result, from that pdf kay can select multiple lab test result on one file
    - Tanan forms ibutang sa system.
- Ang iupload kay limited to PDF file only.
- **Inventory part**
    - Tanggalon ang transaction date
    - Ang status kay dili dapat naka-dropdown, automatic mag notify if <mark style="background-color:#00FF00">sufficient</mark>, <mark style="background-color:#FFFF00">nearly expiry</mark>, <mark style="background-color:#FF0000">expired</mark>, <mark style="background-color:#FF0000">consumed</mark>, <mark style="background-color:#FF00FF">inadequate</mark>, <mark style="background-color:#FF0000">lacking</mark>

        Consumed – 0% stock or out of stock

        Inadequte – 25% stock available

        Lacking – 50% stock available

        Sufficient – more than 50% stock available

        Nearly Expiry – 2 months before magexpire

        Expired – the day expired na

    - **Consumed:**

        Example: Starting quantity: 100

        Used Quantity: 80

        Total End Quantity: 20

        Formula: starting qty – used qty = total end quantity for consumed

    - **Resupply**

        Starting Quantity: 100

        Added Quantity: 100

        Total End Quantity: 120 (Since nabawasan naman ang starting na 100 into 20 na)

        Formula: added qty + consumed total end qty = total end qty for resupply

        - Dapat dili mawala ang value ni used quantity

DOCTOR

Dashboard:

- Ang calendar kay dapat ma-link or madirect siya sa for check-up module if iclick ang specific name or patient.

Patient Module:

- Dapat makita date pud
- Dapat if magclick sa patient options kunwari magclick og Medical Record, dapat if i-close sa Patient Option ra siya mabalik.
- Ang Laboratory Test Result pud kay naa sa Patient Options para dili na mag-exit pa sa Patient Option.

For Checkup module:

- nay option si Doctor na macancel ang appointment or resched with reason niya. Mainform via SMS si patient na cancelled ang ilang appointment

Doctor's Utility:

- **Specialization –** maka-select only one specialization. If naka-add na si Doctor og specialization, dili na maka-add another. Naay note dapat *na "Once selected, the specialty cannot be added".* Maka-edit gihapon siya pero dili na maka-add. Naa puy delete button pero ang **+** button kay wala na

- o **Schedule Selection:** If magschedule si Doctor saiyang schedule time kay nay selection na magselect multiple dates and time, example:

  Monday, Wednesday, Friday iselect ni Doc na sabay then same time 8AM to 5PM

  Tuesday, Thursday, Saturday iselect sad ni Doc n inga date na sabay then ang time na nila kay 1PM to 5PM

  PERO pwede gihapon magselect og single date with time si Doc at the same time.

  Kay aron less hassle kay Doc na magsige og select og single dates.

Medical Record:
- o All info sa patient kay mabutang, like name, bdate, age, sex, address, civil status, contact num, occupation, kinsa na doctor or attending physician
- o For Pregnant, name, address, contact number, bday, age, name of spouse, last menstrual period, expected delivery date, method of previous delivery, date of last delivery, referred by

LabTest
- o If magrequest og labtest, iisa na ang bayad pud sa Doctor's Fee which is maselect ni Doc ang Service Fee sa bottom part sa Services. Naa gihapon ang *done checkup* pero di na magbtuang service fee.
